Comments: I object to vast new tracts of land being fracked for CSG.

I also object to \$2.7B gift Jemena. this is a company who do NOT PAY TAX in this country.

I object to the powerful Fossil Fuel companies destroying our country and the Traditional Owners country to pump gas through the centre.

who benefits???

who loses?

We the people have the right to say.. we dont want any more subsidies given to Multi National companies.. who DO NOT PAY TAX&&&&&
