

# Strategic Priorities for Energy Market Development 2015

Public Forum, Wednesday 30 September 2015

AUSTRALIAN ENERGY MARKET COMMISSION

### Agenda for this morning

Welcome to the forum

**Session 1: Gas priority** 

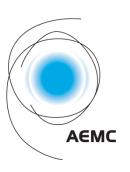

Morning tea (around 11am)

**Session 2: Consumer priority** 

**Session 3: Markets and networks priority** 

Lunch (around 1pm)

Sessions will start with presentations and be followed by a Q&A period

# Overview of Strategic Priorities 2015

### Purpose of the 2015 AEMC strategic priorities

- Frame key issues for consideration by COAG Energy Council
- Encourage dialogue amongst consumer groups, market participants and policy makers on key issues
  - Use process to encourage greater engagement on higher level issues than rule change process allows
- Help prioritise AEMC work plan
  - Development of new work streams
  - Stakeholder engagement priorities

## Current priorities appear to have the right focus

Consumer priority:
strengthening consumer
participation and continuing
to promote competitive retail
markets

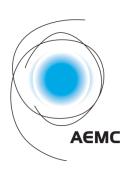

Gas priority: promoting the development of efficient gas markets

Market priority: market arrangements that encourage efficient investment and flexibility

- Are these three priorities still broadly the right ones to have?
- New focus is proposed for each – are these news areas of focus correct?

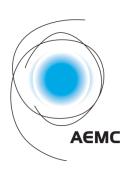

# Gas Priority

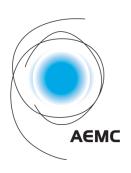

## Gas: Focus aligns with Council Vision

	JULY	AUGUST	SEPTEMBER	OCTOBER NOVEMBER	DECEMBER

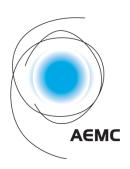

## Mark Feather, Victorian Department of Economic Development

## Keith Robertson, Origin Energy

## Consumer Priority

#### Consumers: Markets that deliver value

#### **Engagement**

Do consumers have enough of the right type of information?

How do consumers engage with the regulatory process?

#### **Participation**

Do prices reflect the costs of supply?

Do consumers have the ability to respond to these price signals?

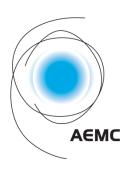

Is supply responsive?

#### **Protection**

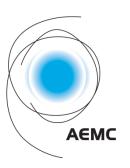

What consumer protections are required?

How should the NECF evolve?

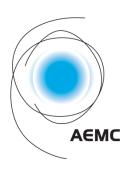

## Rosemary Sinclair, Energy Consumers Australia

## Rob McMillan, Jemena

# Markets and Networks Priority

### Markets and Networks: Position for dynamic response

# Technology and new business models

#### **Policy integration**

How does regulation permit evolution and innovation while promoting consumer outcomes?

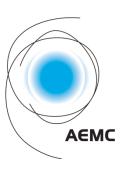

What will be the effect of technology on networks over the medium term?

Will current regulation still be appropriate?

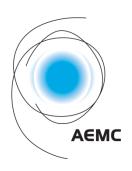

How can policies in other portfolios be better integrated with energy markets?

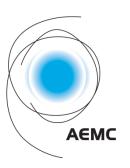

# Angela Catt, AGL

## Luke Osborne, Reposit Power

## Kiera Poustie, United Energy

## Next steps and timing
