

Notices under National Electricity Law

The Australian Energy Market Commission (AEMC) gives notice under the National Electricity Law (NEL) of the following matters.

Under Sections 95 and 96:

- the National Generators Forum has requested the making of the proposed National Electricity Amendment (Resolution of existing generator performance standards) Rule 2006 to establish a process for resolving the content of performance standards for existing generating units; and
- NEMMCO has requested the making of the National Electricity Amendment (NEMMCO Participant Derogation (Extension of Cost Recovery of Regulation Services in Tasmania)) Rule 2006 which relates to the current derogation for the cost recovery of regulation services in Tasmania.

The AEMC intends to expedite the making of the proposed Rules subject to any objections (with written reasons). For both proposals:

- submissions must be received by **4 December 2006**; and
- objections must be received by **16 November 2006**.

The AEMC publishes all submissions on its website subject to a claim of confidentiality. All documents in relation to the above matters are published on the AEMC's website www.aemc.gov.au and are available for inspection at the offices of the AEMC.
